3 Season Rm

Desirable ranch home!

Here are 3 bedrooms; 1-1/2 baths (full has a whirlpool tub); nicely half-finished full basement for a wonderful family/recreation room with a free-standing fireplace and a brick dry bar, while the other half is very utilitarian with fantastic storage -- all on a lovely landscaped lot!

The completely remodeled kitchen has 2 skylights, while the, also remodeled, full bath has one; along with the many windows (newer also), this home stays bright and sunny. Throughout the home are new trim, doors and laminate flooring, along with the hardwood floors of the living room, hallway and bedrooms.

There is also a wonderfully relaxing 3 season room where you can look out over your beautiful fenced back yard. The 2 car attached garage has pull-down access to the attic for even more storage.

Too much to list here – this is absolutely “A MUST SEE”!

Don't just drive by – call for a private appt!
